Release Engineering 101
A Guide to Employability

What is release process, and why does every software shop have it? Join us as Tim Paradiso from Homesite Insurance goes into detail about the role and importance of release engineering, the process of taking code and turning it into applications, and delivering it to quality assurance production.

Tuesday, March 25, 2014
5–5:45 p.m.
BU College of General Studies
871 Commonwealth Ave, Room 511, Boston

RSVP to Katherine Moran, MET College Enrollment Services at kcmeyer@bu.edu or (617) 358-4610. Include name, BU ID, email address, and BU college/program.

Remember to bring copies of your résumé—JOB OPPORTUNITIES WILL BE DISCUSSED.

Guest Speaker:

Tim Paradiso, Release Engineer Manager, Homesite Insurance

Paradiso has 20 years of industry experience in various computer fields such as QA, support, development, documentation, and release engineering. He has worked for a wide array of companies (ranging in size from 100 employees to 10,000 employees), as well as working in both the government and private sectors. Paradiso's former employers include UnderWare, NuMega, TriZetto, Compuware, MBTA, and ChannelWave.
