Application Name	Vendor	Function
Fusion	Vmware	Virtualiation
Access	Microsoft	Database creation
Access Manager	TicketMaster	Used to check for couterfeit tickets
Accutrack	Engineerica	Academic center management; tracks appointments and attendance
Acrobat Professional	Adobe	PDF creating and editing
ActivClient	MilitaryCAC	Access military information online
Advocate	Simplicty	Web-based judicial management system to manage judicial conduct cases, behavioral intervention and Federal crime reporting
AIA	The American Institute of Architects	Contains pre-drawn contracts that can be altered to fit many building scenarios.
Alma/Primo	ExLibris	Library catalog management system
Anzio Win	Rasmussen Software	Terminal emulation
Aperture 3	Apple	Photo editing
AppointmentsPro	SpectraSoft	Patient scheduling software
Approvelt	MilitaryCAC	Digitally sign PDFs
ARALOC	Modevity, Inc.	Mobile Content, Distrubition, Security and Management
ArchTics	TicketMaster	Ticket Sales and CRM
Articulate	Adobe	On-line course creation
ASAP Utilities	ASAP Utilities	Excel Addon
AutoCAD	AutoDesk	Create and edit blueprints
AutoVU	Genetec	License plate recognition software
Avid Suite	Avid	Video Production
AxisTV	Visix	Digital Signage Software
BackupExec	Symantec	Backup management
BCC Mail Manager	BCC Software	Address accuracy verification
Beast	Porter Lee	Evidence Management Software
Blood Alcohol Testing	CJIS	Tests level of blood alcohol content

BlueZone	Rocket Software	Terminal emulation
Bookeye 3	Digital Lib Systems Group	Staff-used scanning, digitization of books
bookscanstation	iVina	Self-service scanning kiosks
Bscan ILL	Digital Library Systems Group	Links scanned items to interlibrary loan server
CAMMS	Developed in house	Facilities, Management and Planning's ticketing system
Cardscan	Dymo	Scans business cards into an outlook database
CaterTrax	Hospitality 101, Inc.	Web-based system used for catering event production, execution and billing
CCure	CGL	Access control using BU ID cards
Citrix Environment	Citrix	Virtual desktop environment
Claims Connect	Netsmart Technologies	HIPAA compliant electronic billing solution
Click Effects Pro Audio	Click Effects	Live event audio presentation system
CodeSource	Codesource	Used to maintain inventory of Non-Standard (desks, file cabinets, etc) key.
Connect	Adober	Digital conferencing
Connexion	OCLC, Inc.	Software to access and create new bibligraphic records
Continuum	Schneider Electric	Building management system
Contribute	Adobe	Website content management tool
Creative Suite	Adobe	Digital & print content creation
Cumulus	Canto	Digital asset management software. Used to access databases of digital files.
Customer Relationship Management (CRM)	Microsoft	Customer relationship management tool.
DartFish	DartFish	Video analysis software
Degree Audit	SunGard	Checks students' course work with degree requirements
Digitize	RB Allen	Routes most on campus fire alarms to BUPD and Boston Fire

Donor Perfect	SofterWare, Inc.	Fundraising and donor management software.
Dragon Naturally Speaking	Nuance	Speech recognition software, speech to text software
Dreamweaver	Adobe	Web development application
Echo Personal Capture	Echo 360	Lecture capture software
Echo Podium Capture	Echo 360	Lecture capture software
Eclipse	The Eclipse Foundation	Java development tool
eDive	Overly Nifty LLC	Diving meet management software.
EndNote	Thomson Reuters	Bibliography management software
Envelope Designer	Pitney Bowse	Interfaces with Mail Manager to extract addresses and print them on various mailing material using the Bryce DA950
Envision for BACTalk	Alerton	Graphical workstation software, users can view, monitor and control the building management system
ETEXT		Converts textbooks to any format for students with disabilities.
Exacom	Exacom	Multimedia logging recorders for public safety.
FASTBook	Event Software	Calendar scheduling
FastDraw	FastModel Sports	Coaching software to create playbooks.
Fetch	Fetch Softworks	File transfer client for Apple computers
FileMaker	Filemaker, Inc.	Database creation
FileMaker Server 3	Filemaker, Inc.	Database server
Finereader Professional	ABBYY	Bundled with scanners; turns scans of paper documents, PDF-files and digital photographs into searchable and editable formats
Flash Media Encoder	Adobe	Media encoder that streams audio and video in real time. Enables the broadcast of live events

FlexiSign	SA International	Print and sign making software
FLIR	FLIR	Used to interface with special infra-red camera. This camera is used for many things, ranging from finding leaks in roofs to frequently photographing high risk electrical circuits for insurance purposes.
FoodPro	Esha	Nutrition Software - Analyzes recipes for nutritional information
GameBreaker	SportsTek	Video analysis for sports
Global Facilities Management System App (GFMS)	Key Systems	Used to maintain a lockbox filled with various keys. Tradesmen can checkout a key using their BU ID, provided they have permission for the specific key. It then tracks how long they had it out for etc...
Global36	Company out of business	Used to download data from mail terminals
GravoStyle	GravoGraph	Software used with rotary and laser engraving machines
GroupMail	Infacta	Group email software used to send newsletters and other bulk emails.
HandBrake	handbrake	Video Production
Hasler AMS	Hasler	Collects data from mail that is scanned through it.
Host On Demand (HOD)	IBM	Provides secure mainframe 3270 terminal emulation
HPQC	Hewlett Packard	Active-X based test management software
Ice Measuring		record Ice Measurements
IceFish	TicketMaster	Connects tickets sales directly to TicketMaster
ID Works	Datacard	Software used to create identification cards

ILLiad	OCLC, Inc.	Resource sharing management software used for the interlibrary loan system.
Indetix	Identix	Fingeprint Identification
Iron Mountain Connected	Iron Mountain, Inc.	Online record management
Komodo IDE	ActiveState freeware	HTML editor
LabelVision	Flexible Information Systems, Inc.	Used to create barcode labels
LEAPS/CJIS	CJIS	Criminal History Data Inquiry
Lighting Supervisor III	Elemco Building	Lighting Control software
Lithonia Lighting (Synergy Configuration)	Lithonia Lighting	Lighting Control Software
Lotus Forms	MilitaryCAC	Securely fill out forms
Macro Express Pro	Insight Software Solutions	Creates macros for keyboard and mouse
Macromedia Studio	Adobe	Digital and print content creation
Mail Pro	Pitney Bowse	Interfaces with BCC Mail Manager to extract addresses and print them on various mailing material using the VideoJet
MarcEdit	Terry Reese	Library catalog software for editing MARC records.
MasterMind	United Technologies	Security monitoring software
Mathematica	Wolfram	Computational Software
MATLAB	Mathworks	Computational Software
McAfee	McAfee	Enterprise antivirus program
MediaNet	Dymaxion	Media Management
MediSoft	McKesson Corporation	Practive Management Solution
MeetManager-swimming, Track & FIeld	Hy-Tek	Meet Scoring
Membership SW		Manage Fitrec Membership
Microsoft SQL Server	Microsoft	Relational database management system
Millennium client	Innovative Interfaces, Inc.	Software to manage all library operations.
Millennium server	Innovative Interfaces, Inc.	Software to manage all library operations.
Mobile Data Terminal	Panasonic - Transcor	Computers used in patrol cars

Motorola - Radio	Cybercomm	Police Communications
NCAA Compliance SW	NCAA	NCAA compliance database
NDSr	University of Minnesota	Dietary analysis program
Network Client	American Dynamics	Remote management system that Interacts with security camera recording hardware to extract video.
Novell Netware	Novell	Client to connect to Novell Network Server
nVivo	QSR International	Research software used for analyzing and organzing data.
Office (Word, Excel, PowerPoint, Outlook)	Microsoft	Productivity Suite
OnBase	Hyland	Document Management Service
OompaTech	IS&T	Repair Tracking system for Desktop Services. Used to log any ticket that requires DS checking in an asset.
Parallels	Parallels, Inc.	Virtualization
PerTrac	PerTrac, Inc.	Suite of financial analytical and organizational software
Pool Scoreboard SW	Hy-Tek	Swim Meet scoring
POSIM	POSIM	Point of Sales system
Privatel	Burgiss	Investment Management System
PTOS	Patterson	Integrated practice management software used by Physical Therapy practices
PuTTY	Simon Tatham	Telnet and SSH client
QED WebPartner	Queues Enforth Development, Inc.	Incident/Report management software used by public safety agencies
Quest AppPortal	Quest	Software to access remotely hosted applications. AppPortal provides a graphical interface.
QuickBooks Version 5	Intuit	Financial management database
Quicken	Intuit	Financial management
R	R-Project for Statistical Computing	Statistical software

R25		Asset/Room management software
Read & Write Gold	Texthelp Ltd.	Text to speech software
ReBound	Arotech, Inc.	Communications recording
RecTrac	Vermont Systems, Inc.	Manage Fitness Facility
Reflections	Attachmate	Terminal emulation
Refrigerant Compliance Software	I H S	Manages government-regulated refrigerant inventory, ensures up to EPA standards
Retail Management System (RMS)	Microsoft	Point of Sales system
Roland Versa Works	Roland	Large format sign printing software
Rosetta Stone	Rosetta Stone	Language learning software.
ScoutWare	Scoutware, LLC	Relationship management tool for coaches to use when recruiting student athletes.
SendWordNow	Send Word Now/BU Alert	Incident management and emergency notification software.
Sequoia	Sequoia Retail Systems, Inc	eCommerce System
Shavlik	VMWare	Windows and application patching software
SimpleK	Prosystech	Manages standard key, cores and other lockshop interfaces
Skyline	SS&C Technologies	Property Management Software
Snag It	TechSmith Corp.	Screen capture
SPSS/PSAW	IBM	Statistical Software
SQL Workbench/J	freeware	Software to run queries against SQL server
StatCrew Sport Specific SW	StatCrew, Inc.	Collect stats from sporting contests, distribute them live to the web and in-house, and produce reports
Symbol Phaser	Symbol	Bar code scanner
Tableau	Tableau Software	Business analytics

TagIt Pro	BCC Software	Creates special mailing tags that are placed on boxes containing outgoing mail for the Post Office.
Telestaff	Kronos, Inc.	Public safety workforce scheduling software
TestGen	Pearson	Test creation
Text Pad	Helios Software Solution	Text Editor for plain text files.
Therapist Helper Billing System	Helper	Billing and practice management software for psychological therapists
Thunderbird	Mozilla	Desktop mail client
TIP411	CitizenObserver	Anonymous tip software
Tridium	Tridium	Tracks gas levels, temperatures and fuel levels, among other things, and sounds alarms when required
TutorTrac	Redrock Software Corporation	Web-based tutor and learning center management and tracking software
TweetDeck	Twitter	Social media browser
Visio	Microsoft	2D-object drawing application, often used for room designs.
Voice Vault	Dynamic Instruments	Voice Recorder
WinSCP	WinSCP	file transfer
WorkShare	Workshare, Inc.	Document Collaboration Software
X-Win 32	Starnet	Graphical remote access to Unix systems
XOS Video	XOS	Video Analysis
You Do @BU	CollegiateLink	Web-based program for the management of student organizations, including registration, rosters, financial requests and reports.
